

SEPTEMBER 2026

THE BEDROCK

A PLACE TO STAND. A PLACE TO BREATHE.
A PLACE TO BEGIN AGAIN.

“Enlarge the place of your tent, and
let the curtains of your habitations
be stretched out; do not hold back;
lengthen your cords and strengthen
your stakes.”

Isaiah 54:2

BEDROCK

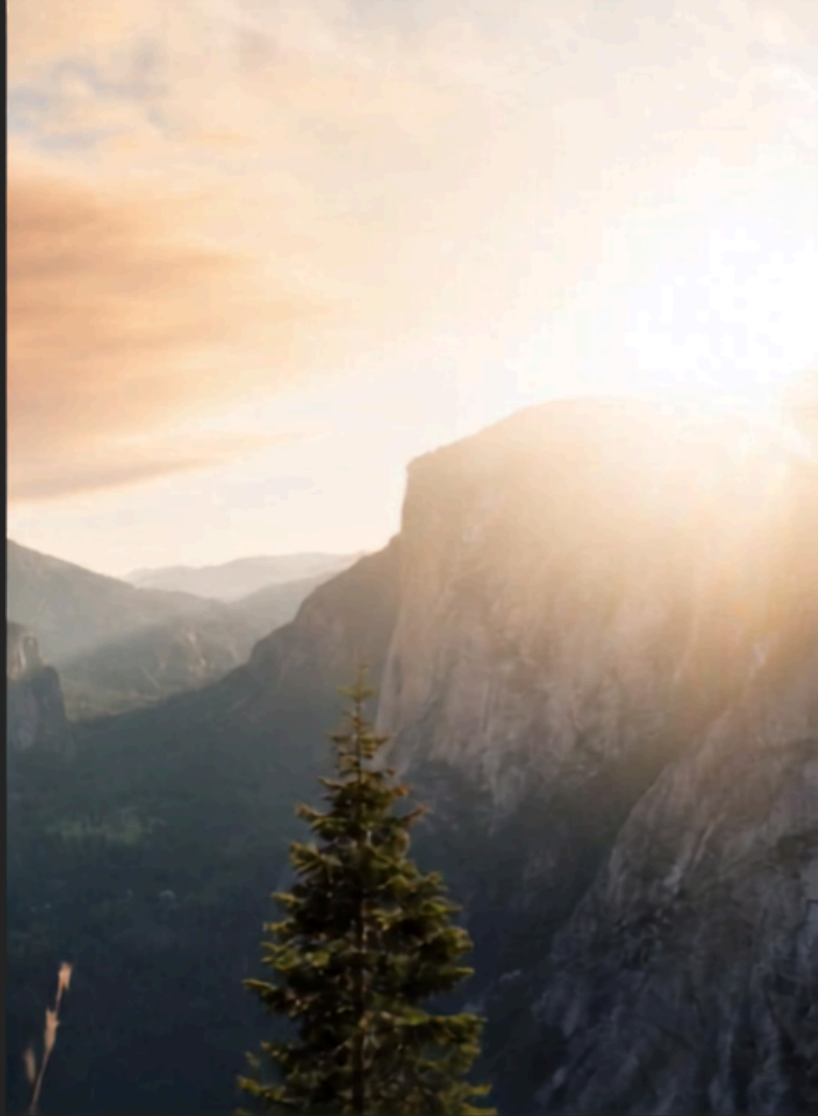

A PLACE TO STAND. A PLACE TO
BREATHE. A PLACE TO BEGIN
AGAIN.

There are seasons in ministry when God asks us to keep walking before we can see the road ahead.

This has been one of those seasons for our family.

For more than 25 years, we have had the privilege of serving in ministry. For the last 10 years, God has been shaping something that was born from a painful season: Bedrock — A Shelter for Ministry.

Bedrock was born from a simple realization: Sometimes the people who spend their lives caring for others are the ones who have nowhere to go when they need care for themselves.

WHY BEDROCK EXISTS

WHY BEDROCK EXISTS

Sometimes the people who spend their lives caring for others are the ones who have nowhere to go when they need care themselves.

Ministry has never been about programs or platforms, it has always been about people.

People walking through pain. People carrying unseen burdens. People who need someone who will stay.

Bedrock was born to be that someone, not for a moment, but for the long walk. We are here to stand in the gap, to speak hope, and to remind every heart that they are not carrying this alone.

BEDROCK IS ALREADY HAPPENING

Our foundation.
Our calling.

While we continue to pray about what Bedrock will become in the years ahead, we also want you to know that Bedrock is not simply a vision for the future. It is already active.

Right now, we are walking with couples through difficult seasons, leading healing groups, and coming alongside ministry leaders who need a safe place to process, heal, and continue moving forward.

Eduardo's counseling ministry continues to be very full. He is spending significant time counseling youth, families, and individuals, helping them navigate crisis, relationships, identity, family struggles, and difficult seasons of life. While we are building in the community, and training leaders.

This is the kind of ministry that often happens quietly.

There is no stage. No microphone. Most of the time there isn't even a story we can share because someone's healing needs to remain private.

But we see it.

We see people beginning to heal.

We see relationships being restored.

We see young people finding hope.

We see families taking steps forward.

And we are deeply grateful that God allows us to be part of it.

This is Bedrock. Not a building. Not a program.
People helping people find healing and transformation. In HIM and through HIM.

So then, just as you received Christ Jesus as Lord, continue to live in him.

colossians 2:6-7

SERVING AT NEW LIFE

At the same time, God has given us the privilege of serving as Family Ministry Directors at New Life Christian Center in St. George.

These past months have brought a lot of rebuilding, transition, and beautiful surprises from the Lord.

YOUTH MINISTRY

We have been pouring ourselves into helping rebuild the youth ministry.

This month, we also launched our Youth Music Club, creating a space where our pre-teens and teens can learn, music, develop their gifts, worship together, study God's Word, build relationships, and discover what it means to use what God has given them for His kingdom.

We are so grateful, and honestly amazed, at how God has already begun opening doors.

We are watching students engage, volunteers step forward, and a new sense of life begin to grow. Please pray for this generation.

CHILDREN'S MINISTRY

Our children's ministry has also been through a significant season of transition.

Some of the leaders who had faithfully served with us were called by the Lord to go and serve in other places. While we are incredibly grateful for their season service, their departure has meant rebuilding our children's ministry team.

So, once again, we have our hands full! We are actively building a new team, training volunteers, caring for our children, and working to create a healthy ministry where families can feel welcomed, supported, and disciplined.

It is a lot of work, but it is also a privilege. We believe God is raising up the people He wants for this next season.

MAKING ROOM FOR THE NEXT GENERATION

NEW LIFE CHRISTIAN ACADEMY

We have also been helping build New Life Christian Academy, a Classical Christian school here in Utah.

The school is growing, and they are making room for younger children in a new building.

We see more than classrooms.

We see an opportunity to invest in the next generation.

God is making room. Room for children. Room for families. Room for Christian education. Room for the next generation to grow in truth, wisdom, character, and faith.

And as the school grows, so do the needs.

This is why the school is holding a fundraising gala this October to help provide the resources needed for this next season of growth. We wanted to share the opportunity with you. Whether through a donation, sponsorship, auction item, sponsor a table, connection, or simply sharing the opportunity, every act of generosity helps make room.
